## Your Views On The Proposal

Q8. Which of the following best expresses your view of the proposed Bill? (please note this is a compulsory question)

Fully supportive

**Please explain the reasons for your response.**

There are so many positive outcomes that this bill will allow for. Hopefully less sites in Glasgow or any other places with used needles etc. Reduction in Ambulance services, NHS related services, exposure of those using drugs to vital services aiding rehabilitation and expert knowledge and support of those in recovery and those working in social care services.

Q9. Do you think legislation is required, or are there are other ways in which the Bill's aims could be achieved more effectively? Please explain the reasons for your response.

I think legislation will be required... I want this to become a long term support and provision of drugs for individuals to use in a safe environment. This will need legislation and reduce crime another benefit to society at large.

Q10. Which of the following best expresses your view of the proposal to establish overdose prevention centres?

Fully supportive

**Please explain the reasons for your response.**

So many positive outcomes.

Q11. Which of the following best expresses your view of the proposal for a licensing regime to enable the establishment of overdose prevention centres?

Fully supportive

**Please provide reasons for your response, including on the proposed conditions for licensing (see pages 12 to 14 of the consultation document) and on the proposal that health and social care partnerships are responsible for licensing and scrutinising OPCs?**

They have the experience, knowledge and expertise necessary

Q12. Which of the following best expresses your view of the proposal for a new body, the Scottish Drugs Deaths Council?

Fully supportive

**Please provide reasons for your response, including views on the proposed functions of the SDDC (see pages 14 to 16 of the consultation document) and on how it should operate in practice.**

This would provide an approach which has less bureaucracy and complete independence.

## Financial Implications

**Q13.** Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

a significant reduction in costs

**Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.**

Long term reduction in services needed to, alleviate all of the impacts of people using drugs, overdosing etc.

## Equalities

**Q14.** Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

**Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.**

I can only see positive impact for society as a whole.

## Sustainability

**Q15.** Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? If you do not have a view then skip to next question.

**Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?**

Yes... I think it will have a positive impact for reason stated.
